OF MAGNESIUM :

This is in response to applicant's "Response to Notification of Defective Response" filed 05 June 2002.

BACKGROUND

On 19 May 2000, applicant filed international application PCT/US00/13960, which claimed priority of an earlier United States application filed 22 May 1999. A Demand for international preliminary examination, in which the United States was elected, was filed on 30 November 2000, prior to the expiration of nineteen months from the priority date. Accordingly, the thirty-month period for paying the basic national fee in the United States expired at midnight on 22 November 2001.

On 16 November 2001, applicant filed national stage papers in the United States Designated/Elected Office (DO/EO/US). The submission was accompanied by, *inter alia*, the basic national fee required by 35 U.S.C. 371(c)(1).

On 11 January 2002, the DO/EO/US mailed a Notification of Missing Requirements Under 35 U.S.C. 371 (Form PCT/DO/EO/905), which indicated that, *inter alia*, an oath or declaration in compliance with 37 CFR 1.497 must be filed.

On 10 April 2002, applicant filed a declaration executed by "Judith Meis".

On 07 May 2002, the DO/EO/US mailed a Notification of Defective Response (Form PCT/DO/EO/916), which indicated that the declaration filed 10 April 2002 was improper.

On 05 June 2002, applicant filed the present response, including a declaration executed by "Judith Meis".

DISCUSSION

The inventor's name in international application PCT/US00/13960 is listed as "Judith Schanke", whereas the inventor's name on the declaration is listed as "Judith Meis".

MPEP 605.04(c) states in relevant part,

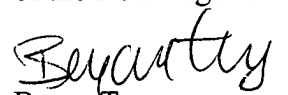

In cases where an inventor's name has been changed after the application has been filed and the inventor desires to change his or her name on the application, he or she must submit a petition under 37 CFR 1.182. . . . The petition must include an appropriate petition fee and an affidavit signed with both names and setting forth the procedure whereby the change of name was effected, or a certified copy of the court order.

Applicant has not filed a petition under 37 CFR 1.182 along with the required fee and either an affidavit signed with both names and setting forth the procedure whereby the change of name was effected or a certified copy of the court order. Applicant is advised that the affidavit submitted with the present response is insufficient because it is not signed with both names.

CONCLUSION

A proper response must be filed within TWO (2) MONTHS from the mail date of this decision. A proper response would include a petition under 37 CFR 1.182 along with the required fee and either a properly executed affidavit or a certified copy of a court order. Extensions of time are available under 37 CFR 1.136(a).
